CodeMeter Licensing with DARcorporation Software

Jesign • Analysis

CodeMeter Runtime

- Download CodeMeter Runtime from the link below. https://tinyurl.com/3skj43bp
- Save and run the CodeMeter Runtime installer on the computer where you will run the purchased software or designated computer that will host your purchased license on your network.
- Download the LicTemplateDisc.WibuCmLIF file provided via e-mail attachment or from https://www.darcorp.com/codemeter-licensing/
- Save the WibuCmLIF file to the computer where you installed CodeMeter Runtime earlier.

Machine-bound licenses

CodeMeter Control Center

- Launch CodeMeter Control Center (CCC).
- Drag and drop the saved LicTemplateDisc.WibuCmLIF file on CCC window.

 Edit the file name to include your name/company and date of request made. Then specify the location to save the WibuCmRaC License Request file. Click on Commit button when done.

Note: Keep the serial number. XXXXX would be your name/company and YYYYY would be the date of request made. E.g. Feb-01-2023.

	The license request file has been successfully created.		
	The license request file has been successfully created. You can send it now to the vendor of the software by email.		
	Machine-bound licenses		

 Once the *.WibuCmRaC License Request file is generated, please e-mail it to <u>support@darcorp.com</u>.

• You will then receive (via e-mail) a License Update file *.WibuCmRaU that you can follow the steps in the next few pages to complete the license installation.

Machine-bound licenses

License Update File

- Launch CodeMeter Control Center (CCC).
- Drag and drop the saved *.WibuCmRaU License Update file on CCC window.

License Activated

- Download your purchased software using the link(s) (via e-mail) and run the installer(s) with right-click Run as administrator option.
- Once installed, the purchased software will access license via CodeMeter license container and run on the computer.
- For network installation, the client computers must install CodeMeter Runtime with the default settings before using the purchase software.
